- **BACKED BY 10 YEAR MANUFACTURERS WARRANTY**

 NRTL/C

HEAVY DUTY

Ametek Lamb

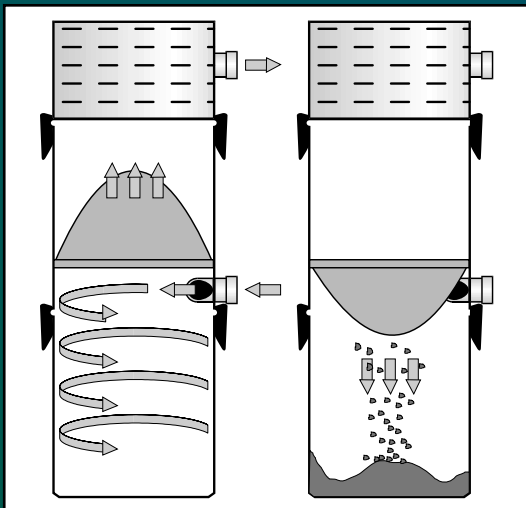

Model 116119

Notorious for its extra power and dependability

HEAVY DUTY MODEL	
MOTOR MODEL	116119
FILTRATION TYPE	SELF CLEANING FILTER
MOTOR CONSTRUCTION	ALL METAL
MOTOR TYPE	3 STAGE BYPASS
FAN SIZE	7.2 IN.
AIR WATTS (MAX.)	438.0
MAX. SQ. FOOTAGE	10,000
RECOMMENDED MAX. NO. OF INLETS	20

A.C.V.'s unique modular design allows for quick and easy removal of motor module for servicing.

SELF-CLEANING FILTRATION EXPLAINED

Our Self-Cleaning Models will provide the ultimate in motor protection and dust-free operation (up to 99.9% efficiency). The filter bag is lifted as the power unit is turned on.

Once the power unit is shut down, the weighted self-cleaning filter element drops and displaces the accumulated dust and deposits it into the dirt canister.

A.C.V. Vacuum systems are easily recognized in the vacuum industry. Each and every one of our vacuums has been handcrafted using only top quality materials. You have our commitment to provide you with the excellence our customers worldwide have come to expect.

A.C.V. for Accountability ... Commitment and Value
