PAPER BAG FILTRATION EXPLAINED

Our antibacterial disposable filter bag unit, provides exceptional motor protection and dust-free operation, when outside ventilation is not desired. Power unit maintenance is swift, clean and convenient. Dirt and dust is trapped inside the large capacity bag. A perforated metal plate provides extra motor protection and minimal air flow restriction.

A.C.V. Vacuum systems are easily recognized in the vacuum industry. Each and every one of our vacuums has been handcrafted using only top quality materials. You have our commitment to provide you with the excellence our customers worldwide have come to expect.

A.C.V. for Accountability ... Commitment and Value
